Banff Centre's Dance Artists in Residence program offers dance artists and companies of all genres focused time for the creation and development of new works with the support of faculty dramaturgs. The residency is designed for artists in the creation phase of new work, with minimal in-house technical support in Banff Centre's studio spaces.

Several dance companies will reside on the Banff Centre campus at the same time, working on their respective projects and enjoying opportunities for artistic connection and exchange. Participants have the option of opening their studio to share work at the end of the program.

We invite project proposals from individual artists, artistic collectives, and organizations worldwide. Banff Centre invites applications from anywhere in the world, and artists of all ages (18+), backgrounds, gender identities, and expressions.

Financial Aid of 100% of the tuition fee and 50% of room and accommodation is available for this program.
